15th March 2023

Councillor Greg Sayers

Subject: Community support for increased job visibility.

Dear Greg,

At our community meeting on March 13th the need for increased visibility on the progress of jobs has been highlighted following recent weather events where Rodney has suffered significant damage,

SBRRA supports the initiative to develop a web based platform that would increase visibility of jobs from the allocation of jobs by Auckland Council, Watercare and Auckland Transport plus any other relevant agency. Tracking of progress will reduce duplication of job numbers, keep the community informed and ultimately show completion of jobs.

As you are aware Snells Beach in particular has suffered major damage to our access road and our foreshore pathway.

Thank you for the initiative and we hope visibility can quickly be improved.

Yours truly,

Peter Beekman
Chair SBRRA
