

We have finalised the planting dates for this year and have taken the bold step to mix and match the days a bit. We have also opted to start planting a little earlier to avoid the wettest part of the year.

This year we plan two small mid-week planting days. These are on Grange Street and in Goodall Reserve. The other two days are on Te Whau walkway in the weekend.

The schedule is:

Thu 2nd May - Grange Street, 180 plants
Sun 19 May - Te Whau, 550 plants
Sat 25 May - Te Whau, 270 plants
Thu 13 June, Goodall Reserve, 320 Plants

The upcoming events on our website (<https://www.mahurangi.nz>) will be updated if and when any new information comes to hand. In the meantime, the first planting day is in less than a month on Thursday 2nd May.

We look forward to seeing you and can give you the latest gossip while we plant.

To participate you will need:

- Gumboots (or closed shoes that you don't mind getting muddy)
- Gloves
- Sunhat and Sunblock
- Raincoat
- Your favourite spade (unless you like ours better)
- Water bottle
- Snacks

You must meet and register with us on the day.

planting at Te Whau in 2024

Please check the events page on our website. We will update that page if we need

to cancel for any reason.

The website link is the [Whats On](#) page on our website.
